# Intelli Take

## OnLocation - Transportation solution for Intelli Proof Displays

The Intelli Take is a specialized transportation solution for Intelli Proof and Intelli Color Series 190, 201 and 213. It is perfectly suited for OnLocation tasks for Photographers and Artists. This solution includes an expandable handle and rollers for easy transportation to the location. There is plenty of storage room inside to store pheripherials, notebooks and the monitor´s hood. The special adjustable base is made of stainless steel and supports the VESA 100 of intelli Proof and Color displays.

- OnLocation-Transportation solution
- L-Version: especially for Intelli Proof 190, 201, 213 series
- XL-Version: especially for Intelli Proof 220, 240, 262 series
- Made of a very durable Wood-Alluminium-Sandwich
